Jason –

As we have discussed on the phone, EPA is requesting additional monitoring data for the Powder Mill State Fish Hatchery in New Durham, NH to assist in the re-issuance of a NPDES permit for this facility. Please see the attached letter.

A hard copy of the letter was sent to Mr. Normandeau, the Executive Director of NH Fish and Game and also to Mr. Malone at the Powder Mill Fish Hatchery. If you or your staff have any questions regarding the letter or monitoring requirements, please feel free to contact me.

Thank you,

Danielle
